

BE A WING RIDER

CB11NICORN

CB11NICORN

THE QUALITY

Honda takes forward its philosophy of "I enjoy" to the next level with the CB Unicorn that prides itself with the perfect blend of quality, comfort and class. It is by far the most sophisticated motorcycle in its category-in looks & in robustness-yet another creation of renowned Honda technology. So go on, be a wing rider with the CB Unicorn.

Mono-suspension for Better Comfort

The racing inspired state-of-the-art mono-suspension fitted on tough yet flexible diamond frame provides stability and comfort for confident riding over any road surface.

Superior Performance with Black Robust Engine

Now go from 0 to 60 Km/h in just 5 seconds*. CB Unicorn is equipped with powerful 13.3 bhp engine with several cutting edge technologies. These ensure smooth power delivery in all speed ranges and delivers consistent mileage of 60 Kmpl**.

Black Alloy Wheels & Front Disc Brake

The CB Unicorn comes dressed with premium & sporty alloy wheels with front disc brakes. This adds to overall character of the bike which provides sure and responsive control over any road surface & enhances riding comfort.

Tuff-up Tube for hassle free ride

Ride across any Indian road on puncture resistant Tuff-up Tube® in the rear tyre. With reduced risk of sudden punctures, CB Unicorn offers a hassle-free ride without any unplanned stops.

3D Wing Mark Emblem with premium styling

The Honda Wing Mark has been placed on the fuel tank in a 3-dimensional form, giving it a royal and sophisticated look.

Stylish Meter Console

The CB Unicorn comes with a smart meter console that not only reminds you of speed and other riding data but also adds to your adrenaline rush.

Handle Bar Weights

The Handle Bar Weights gives you more stability. It lets you stay in control giving you a smoother ride.

Gear Shift Lever

Now maneuver your ride easily with the simplified gear shift lever. Designed specially to place the control on your toes.

Body Color Grab

When people look up to you for your style, it's important to give attention to little things. Thus, CB Unicorn comes with a Grab that matches the body's color.

Viscous Air Filter

CB Unicorn is equipped with newly introduced viscous air filter to cut down on maintenance.

Authorised Dealer :

- *Achieved under Honda test conditions.
- **Based on Indian Mode - Integral Honda riding mode based on various actual riding conditions.
- †The Tuff-up Tube is not 100% puncture proof as it can't prevent punctures in the area not covered by the liquid compartment, caused by large or L shaped holes, or when small holes become larger. Whenever you find a foreign object nailed on the tyre, please remove it immediately and get the tube repaired at the nearest puncture shop.
- ‡The specifications and design of the motorcycle shown may vary according to requirements & conditions and are subject to change without any notice.

CB Unicorn meets Bharat Stage - III norms.
